## Foreword

The Legislative Research Unit is pleased to present the fifteenth edition of its Catalog of State Assistance to Local Governments. This catalog is published biennially and describes state programs providing financial and technical assistance to counties, municipalities, townships, and special districts (excluding school districts). The catalog is intended to serve as a comprehensive source of information on state/local assistance, and it has proven to be a popular publication among officials at both the state and local levels. The information in this volume was compiled from a comprehensive survey of all State of Illinois agencies.

The publication of the *State Assistance to Local Governments, 2014* would not have been possible without the cooperation and support of many program managers, budget analysts, and state agency directors. Although it is not possible to list every individual's name, we are grateful to all for their contributions.

A handwritten signature in black ink that reads "Alan R. Kroner". The signature is written in a cursive style with a large initial "A" and "K".

## ***Introduction***

The State of Illinois provides local governments with both technical services and cash assistance through programs administered by many State agencies. More than 200 financial assistance programs administered by the State include grants for many purposes including: public library services for the blind and physically handicapped, soil and water conservation, housing, fire protection, museums, and drug enforcement. The State also shares revenue with local jurisdictions, which is used for a variety of programs at the discretion of the local governments. The State provides salary subsidies and bonuses to many local officials including state's attorneys, assessment officers, county clerks, police officers, and probation officers.

In addition to financial aid, State agencies also provide various kinds of technical assistance. This includes training for local officials, answering inquiries, and providing services such as computerized data, group health insurance information, or provision of surplus property. This catalog is a summary of more than 350 State financial and technical assistance programs provided to local governments in Illinois. It is intended to provide legislators, their staffs, community organizations, and local officials with the most comprehensive information on State assistance to local governments. This is the fifteenth edition of the catalog.

This catalog describes the State programs available to local governments. The agencies providing assistance are divided into three sections (Elected Officers, Code Agencies, and Other Agencies), and the agencies and programs within each group are arranged alphabetically. Each program summary is outlined as follows:

**Objective:** Outlines the purpose and objective of the assistance and any qualifications.

**Eligibility:** Identifies which types of local governments are eligible for assistance.

**Funding:** Lists the amounts of funds available for distribution, where applicable.

**\*Note: NA = The number was not available or was not provided at the time of request.**

**Further Information:** Identifies the *Illinois Compiled Statutes* and/or the *Illinois Administrative Code* citation applicable to the program and lists the appropriate State agency address and phone number.

To make the handbook easy to use, there is a detailed program index at the back and a table of contents which lists all the programs and their page numbers. These features should allow readers to readily locate information in which they are interested.

***FISCAL RESPONSIBILITY REPORT CARD/DATA COLLECTION***

**Objective:** The Office of the Comptroller assists local governments in fulfilling the financial reporting requirements of the Fiscal Responsibility Report Card Act. The Act requires local governments to file an annual financial report with the Office of the Comptroller. The Comptroller then uses the financial information and compiles data on annual revenue, expenditures, fund balances, and debt. The financial condition of local governments is annually summarized in the Fiscal Responsibility Report Card and Individual Data Summaries. The Office of the Comptroller files the report with the General Assembly and county clerks. Completed data submitted to the Office of the Comptroller is available on the Website: [www.ioc.state.il.us](http://www.ioc.state.il.us).

**Eligibility:** Counties, municipalities, townships, and special districts.

**Funding:** Technical services only.

**Further Information:** 65 ILCS 5/3-11-24, 5/8-8-1 to 8-8-10; 55 ILCS 5/6-31003; 50 ILCS 310/0.01.

***LOCAL GOVERNMENT ADVISORY BOARD***

**Objective:** Illinois statutes provide for the State Comptroller to appoint a Local Government Advisory Board consisting of ten local officials, five certified public accountants, and fifteen public members. The board advises the Comptroller on issues related to local government finances and assists in the development of an overview of spending practices. Members of the Board serve in an advisory capacity and may submit recommendations to the Comptroller regarding local government finances. Board positions are non-paid, though members are reimbursed for reasonable expenses tied to the role.

**Eligibility:** Counties, municipalities, townships, and special districts.

**Funding:** Technical services only.

**Further Information:** 15 ILCS 405/22.1.

### ***ILLINOIS MAIN STREET***

**Objective:** Illinois Main Street is a comprehensive community revitalization program that promotes the historic preservation and economic development of the state's traditional business districts. Illinois Main Street provides training and technical assistance to participating communities through

educational workshops and on-site consultation. Towns pay no participation fee, are selected through an application process on a competitive basis, and are responsible for financially supporting their local program.

Illinois Main Street represents one of the state's most effective public-private partnerships for economic development and community renewal. Since its inception, designated communities have reported net gains of more than 1,800 new downtown businesses, and have created 4,000 full-time and 3,500 part-time jobs. Main Streets have spurred more than \$123 million in public improvements and more than \$583 million in private reinvestments in their downtowns. For more information go to [www.IllinoisMainStreet.org](http://www.IllinoisMainStreet.org).

**Eligibility:** Counties, municipalities, and townships.

### ***ILLINOIS RIVER COORDINATING COUNCIL***

**Objective:** The Illinois River Coordinating Council (IRCC) is a diverse group of citizens', grassroots', and not-for-profit organizations; state and federal agencies; sportsmen; and river enthusiasts. The IRCC coordinates private and public funding for river restoration in the Illinois River Watershed, which encompasses over 18 million acres.

The IRCC provides a quarterly forum to address watershed issues and meet with providers of technical assistance and grants. The IRCC offers occasional grants to support local efforts to clean up waterways, promote nature-based tourism and education, and fund other watershed-related efforts. Duties include working with local communities and organizations to encourage partnerships to address watershed and water resource issues, critical habitat needs, and soil and water conservation.

**Eligibility:** Counties, municipalities, townships, and special districts.

**AGING, DEPARTMENT ON**

---

**ELDER ABUSE AND NEGLECT PROGRAM**

**Objective:** The Elder Abuse and Neglect Program became statewide on April 1, 1991. It operates in accordance with the Elder Abuse and Neglect Act (320 ILCS 20/1 et seq.), which was signed into law in 1988. The Elder Abuse and Neglect Act directs the Department to establish an intervention program to respond to reports of alleged elder abuse, neglect, and exploitation (ANE) of older persons who live at home, and to work with the older persons in resolving the abusive situations. The Elder Abuse and Neglect Program strives to build on the existing legal, medical, and social service system to assure that it is more responsive to the needs of elder abuse victims and their families. The Department designates regional administrative agencies (Area Agencies on Aging) to coordinate activities at the regional level. The Area Agencies on Aging, with Department approval, appoint local elder abuse provider agencies to respond to reports within their given geographic area.

**Eligibility:** Designated Area Agencies on Aging and other non-profit organizations; Chicago Department of Family and Support Services – Senior Services Area Agency on Aging.

***FOSTER GRANDPARENT PROGRAM***

**Objective:** Local public and private non-profit agencies receive grants to sponsor and operate Foster Grandparent Program projects from the Corporation for National Service. The Chicago Department on Aging is a long-time sponsor of the Foster Grandparent Program. The Illinois Department on Aging helps fund the match requirement for ten Foster Grandparent Programs funded by the Corporation for National Service in Illinois. The Foster Grandparent Program offers seniors age 60 and older opportunities to serve as mentors, tutors, and caregivers for children and youth with special needs. The seniors provide 20 hours of weekly services to community organizations such as schools, hospitals, and youth centers. In the process they strengthen communities by providing youth services that community budgets cannot afford and by building bridges across generations.

**Eligibility:** Any program receiving funding from the Corporation for National and Community Service.

**NATIONAL FAMILY CAREGIVER SUPPORT, TITLE III, PART E**

**Objective:** In conjunction with services provided to seniors, the National Family Caregiver Support program was created with reauthorization of the Older Americans Act in 2000 to strengthen and support family caregivers for seniors and grandparents raising grandchildren. The five basic services offered to caregivers include: (1) information to caregivers about available services; (2) assistance to caregivers in gaining access to services; (3) individual counseling, support groups, and caregiver training; (4) respite care to enable caregivers to be temporarily relieved from their caregiving responsibilities; and (5) supplemental services, on a limited basis, to complement the care provided by caregivers. Supplemental services can include assistive devices, home modification, legal assistance, school supplies, and any other gap filling service which attempts to address a short-term caregiver emergency. The Area Agency on Aging and their service providers are required to provide a 10% local match (cash and/or in-kind) to support this federal Title III-E (CFDA 93.052) program.

**CARE COORDINATION UNIT (CCU)**

**Objective:** Case Management services provided by “care coordinators” help older adults and caregivers determine what their specific needs are and what services are available to meet those needs. The care coordinator can discuss community-based services that are funded by the state and federal government and those that an individual can purchase with his or her own resources. Care coordinators are based in local designated agencies called “Care Coordination Units.” Care Coordination units determine eligibility for the Illinois Department on Aging’s Community Care Program which helps eligible senior citizens, who might otherwise need nursing home care, to remain in their own homes by providing in-home and community-based services.

**Eligibility:** Chicago Department of Family and Support Services—Senior Services Area Agency on Aging is a designated Area Agency on Aging.

### ***ILLINOIS WIRELESS INFORMATION NETWORK (IWIN)***

**Objective:** IWIN is one of the essential services that must be maintained at all times because it has direct public safety implications. IWIN is a wireless wide area data network using Code Division Multiple Access (CDMA) technology (in partnership between the State of Illinois, Verizon Wireless, and Motorola) to provide real-time, full duplex mobile connectivity to its users who are members of state and local governments and law enforcement communities. Law enforcement officers have mobile units in their squad cars that allow instant access to a variety of mission-critical database applications from virtually anywhere in Illinois. The Illinois law enforcement community uses IWIN to gain access to the Law Enforcement Agency Data Service (LEADS), NCIC, NLETS and Secretary of State databases. The network also provides users with car-to-car messaging, bar code and image capture and transfer, GPS mapping, and in-car paging capabilities.

Agencies can also connect their users to their Computer Aided Dispatch (CAD) and Record Management Systems (RMS). IWIN is the largest statewide, public safety mobile data network in the country.

**Eligibility:** Counties and municipalities.

***JOINT PURCHASING PROGRAM***

**Objective:** Local governments are allowed to purchase items through state contracts resulting in an average savings of 30%. Local governments also benefit by not having to develop specifications and bids, which results in savings of administrative time and money. Joint purchasing entities include any public authority which has the power to tax, any other public entity created by statute, and any not-for-profit agency which qualifies under the State Use Law Program.

**Eligibility:** Counties, municipalities, townships, and special districts.

**Funding:** Technical services only.

***LOCAL GOVERNMENT HEALTH PLAN (LGHP)***

**Objective:** LGHP is a self-insured employee health, dental, and vision benefit program funded solely by participating units and administered by the Department of Central Management Services. The program, with benefits similar to the State Employees Group Insurance Program, including a traditional indemnity health plan as well as managed care health plans, and dental and vision coverages, offers local units the ability to stabilize rates, pool risks, and contain costs by using common administrative systems and limited benefit flexibility.

**Eligibility:** Counties, municipalities, townships, and special taxing districts.

**Funding:** Technical services only.

### ***SURPLUS PROPERTY DISTRIBUTION***

**Objective:** This program makes available to local governments equipment no longer used or required by U.S. federal installations or State of Illinois governmental agencies. Office equipment, computers, vehicles, and heavy industrial equipment are only a small part of the property that is inventoried. This property is transported to central warehouses where representatives of local governments may view and determine its usefulness to that unit's needs. The local governmental unit may buy the property at roughly 10% of the original cost. All items of property must be put in use by the local governmental unit within one year and should remain in use for at least one year. Vehicles and items over \$3,000 must remain in use for 24 months from date of receipt.

**Eligibility:** State agencies, boards, commissions, universities, and units of local government including counties, townships, municipalities, and non-for-profit organizations and schools.

**Funding:** Technical services only.

***COMMUNITY DEVELOPMENT ASSISTANCE PROGRAM***

**Objective:** Grants are provided to selected units of local government to finance projects in public works, housing, and economic development. The projects should benefit primarily low and moderate income people, improve health and safety, and increase job opportunities. Only general purpose units of government with populations of 50,000 or less can apply. Generally, governments in the urban counties (Cook, Kane, Lake, St. Clair, DuPage, Madison, Will, and McHenry) are not eligible to apply unless they have formally opted out of their respective urban county entitlement programs.

**Eligibility:** Counties, municipalities, and townships.

## **COMMUNITY SERVICES BLOCK GRANTS (CSBG)**

**Objective:** Grants are awarded from a federal block grant to fund a variety of local anti-poverty programs including employment and economic development, family planning education, housing assistance, self-sufficiency services, and seminars to assist low-income persons in becoming more involved in community affairs. Ninety percent of the allocation is passed through the state to a network of federally recognized Community Action Agencies (CAA). In Illinois, CAAs include 11 public and 25 private nonprofit organizations. Funds are awarded to the community action agencies by a formula based upon the percentage of low-income population in the county area served.

**Eligibility:** Community Action Agencies.

## **ENERGY CODES, BUILDING INDUSTRY TRAINING, AND EDUCATION PROGRAMS**

**Objective:** To educate the building, construction, and regulatory communities about the Illinois Energy Conservation Code for Commercial Buildings. Illinois law requires all new commercial construction for which a building permit application is received by a municipality or county to follow the Illinois Energy Conservation Code as adopted by the Capital Development Board. This code is based on the most recent International Energy Conservation Code, which is updated every three years. The Department has structured its outreach, training, and educational efforts to inform local

stakeholders about the content and value of the codes through varied learning formats, including workshops and Web-based trainings, and on-going technical assistance.

**Eligibility:** County and municipal building code officials, building inspectors, engineers, architects, and contractors.

**Funding:** Technical services only.

### ***ENERGY PERFORMANCE CONTRACTING***

**Objective:** The Department provides technical services to encourage energy efficiency through retrofits, cogeneration, or alternative energy investments financed using performance contracting. Energy performance contracting (EPC) is an innovative arrangement for designing, installing, and financing energy improvement projects where the savings achieved by the project are guaranteed to amortize the cost of the project over the term of the agreement. Services provide by the Department include: competitive procurement process, comparative evaluation methodology, technical review of project audits and scope, review and comment on basic contract documents, and advice on contract negotiations.

**Eligibility:** Counties, municipalities, public housing authorities, K-12 schools, colleges, universities, state facilities, and not-for-profit facilities.

**Funding:** Technical services only.

***ENTERPRISE ZONES***

**Objective:** Enterprise zone designation offers relaxed government controls and tax incentives to businesses operating within the zones. State incentives include investment tax and job tax credits, sales tax exemptions, certain income tax deductions, and a utility tax exemption for eligible businesses. These, mixed with a variety of local incentives, can stimulate private sector investment and the creation of jobs in the area. Zone designation lasts up to 30 years. An area must be contiguous; and have a minimum of one-half square mile and not more than twelve square miles or fifteen square miles if the zone is located within the jurisdiction of four or more counties or municipalities, in total area, exclusive of lakes and waterways.

**Eligibility:** Counties and municipalities.

**Funding:** Technical services only.

## ***RECYCLING GRANTS PROGRAM***

**Objective:** The Illinois Recycling Grants Program was implemented to encourage collection and processing of recyclable commodities. Grant proposals are evaluated by staff and awarded on a competitive basis. Grantees must provide a 50% applicant investment. In addition to providing local governments with daily technical assistance, many programs are offered which assist with waste reduction and recycling needs.

The recycling industry employs 40,000 Illinoisans directly and 111,000 indirectly.

**Eligibility:** Counties, municipalities, townships, and special districts.

## ***SITES, BUILDINGS, AND COMMUNITY PROFILES***

**Objective:** The Department provides the LocationOne Information System (LOIS) for municipalities, counties, and other local government affiliated organizations to market their available sites, buildings, and communities to site selectors. LOIS is a Web based tool that allows community organizations to publish property information, including maps, photographs, and community information, on their own Website, as well as share that information in “real time” with their economic development allies such as the State. Information on available industrial sites and buildings includes, but is not limited to, facility specs (e.g., rail, interstate, airport access) and utility services. Companies or their site selection consultants can examine community profiles for essential information on particular communities. There is no cost for communities to use LOIS.

The link to LOIS is found at the following DCEO Web page:

### ***DISASTER ASSISTANCE—FLOOD MITIGATION ASSISTANCE PROGRAM (FMAP)***

**Objective:** The Flood Mitigation Assistance Program (FMAP) provides grants to states and local governments to implement long-term hazard mitigation measures to reduce the loss of life and property due to flooding.

**Eligibility:** Eligible applicants are state and local governments that participate in the National Flood Insurance Program (NFIP). Individual homeowners and businesses may not apply directly to the program; however, a community may apply on their behalf.

FMAP funds may be used to fund projects that will reduce or eliminate the losses from future disasters. Projects must provide a long-term solution to a problem—for example, elevation of a home to reduce the risk of flood damages as opposed to buying sandbags and pumps to fight the flood. In addition, a project's potential savings must be more than the cost of implementing the

project. Funds may be used to protect either public or private property or to purchase property that has been subjected to, or is in danger of, repetitive damage. Examples of projects include, but are not limited to:

- Acquisition of real property for willing sellers and demolition or relocation of buildings to convert the property to open space use.
- Elevation of flood prone structures.

**Funding:** The State receives an allocation from FEMA every year based on a formula linked to NFIP policies. Available funding is limited and varies between \$200,000 and \$400,000.

***DISASTER ASSISTANCE—HAZARD MITIGATION GRANT PROGRAM***

**Objective:** Authorized under Section 404 of the Stafford Act, the Hazard Mitigation Grant Program (HMGP) provides grants to states and local governments to implement long-term hazard mitigation measures after a major disaster declaration. The purpose of the program is to reduce the loss of life and property due to natural disasters and to enable mitigation measures to be implemented during the immediate recovery from a disaster.

**Eligibility:** Eligible applicants are State and local governments, Indian tribes or other tribal organizations, and certain nonprofit organizations. Individual homeowners and businesses may not apply directly to the program; however, a community may apply on their behalf.

HMGP funds may be used to fund projects that will reduce or eliminate the losses from future disasters. Projects must provide a long-term solution to a problem—for example, elevation of a home to reduce the risk of flood damages as opposed to buying sandbags and pumps to fight the flood. In addition, a project’s potential savings must be more than the cost of implementing the project. Funds may be used to protect either public or private property or to purchase property that has been subjected to, or is in danger of, repetitive damage. Examples of projects include, but are not limited to:

- Acquisition of real property for willing sellers and demolition or relocation of buildings to convert the property to open space use.
- Retrofitting structures and facilities to minimize damages from high winds, earthquake, flood, wildfire, or other natural hazards.
- Elevation of flood prone structures.
- Minor flood control projects that do not duplicate the flood prevention activities of other federal agencies.
- Post-disaster building code related activities that support building code officials during the reconstruction process.

**Funding:** The HMGP is calculated at 15% of the federal grant funds spent on a specific disaster.

***DISASTER ASSISTANCE—PRE-DISASTER MITIGATION (PDM) GRANT PROGRAM***

**Objective:** This program provides grants to states and local governments to implement long-term hazard mitigation measures to reduce the loss of life and property due to natural disasters.

**Eligibility:** Eligible applicants are state and local governments, Indian tribes or other tribal organizations, and certain nonprofit organizations. Individual homeowners and businesses may not apply directly to the program; however, a community may apply on their behalf.

PDM funds may be used to fund projects that will reduce or eliminate the losses from future disasters. Projects must provide a long-term solution to a problem—for example, elevation of a home to reduce the risk of flood damages as opposed to buying sandbags and pumps to fight the flood. In addition, a project’s potential savings must be more than the cost of implementing the project. Funds may be used to protect either public or private property or to purchase property that has been subjected to, or is in danger of repetitive damage. Examples of projects include, but are not limited to:

- Retrofitting structures and facilities to minimize damages from high winds, earthquake, flood, wildfire, or other natural hazards.
- Elevation of flood prone structures.
- Minor flood control projects that do not duplicate the flood prevention activities of other federal agencies.

**Funding:** The PDM is an annual nationwide competitive program. Available funding varies from year to year.

***DISASTER ASSISTANCE—PUBLIC ASSISTANCE***

**Objective:** The Public Assistance Grant Program (PAGP) provides federal disaster assistance for debris removal, emergency protective measures, and the permanent restoration of public facilities (e.g. road systems, water control systems, buildings and equipment, utility systems, parks) as a result of a declaration of major disaster or emergency made by the President.

**Eligibility:** State agencies, counties, townships, municipalities, special districts, certain private nonprofit organizations, and Native American tribes or tribal organizations.

**Funding:** Available funding varies from year to year.

***EMERGENCY PREPAREDNESS (EMERGENCY MANAGEMENT PREPAREDNESS GRANT) (EMPG)***

**Objective:** This program helps local jurisdictions prepare and conduct disaster preparedness exercises. Technical assistance is provided in the development of exercise objectives, scenarios, sequence of events listing, and message writing. State personnel also help during the exercise by acting as controllers or evaluators, depending on the jurisdiction’s request. Local jurisdictions that need to complete disaster preparedness exercises to maintain good standing in the Emergency Management Assistance programs are given first priority in the exercise assistance program. Jurisdictions that have recently completed or updated emergency operations are also given special consideration.

Beyond these criteria, assistance is provided on a first-come, first-serve basis. This funding now includes several former smaller grants including the Emergency Management Assistance funds, which provide reimbursement for essential emergency management and administrative expenses.

**Eligibility:** Counties, municipalities, townships, and special districts.

## ***HAZARDOUS MATERIALS ASSISTANCE PROGRAM (CERCLA IMPLEMENTATION)***

**Objective:** The program provides technical and financial assistance to support state, local, and Indian tribal governments in oil and hazardous materials emergency planning and exercising; to enhance state, tribal, and local governments capabilities to inter-operate with the National Response System (NRS); and to support the Comprehensive Hazardous Materials (HAZMAT) Emergency Response—Capability Assessment Program activities. Funding must be used for planning, exercising, and educational projects that will serve to enhance emergency management capabilities for dealing with oil and hazardous materials releases.

## ***HOMELAND SECURITY GRANT PROGRAM***

**Objective:** To enhance the capacity of state and local emergency responders to prevent, respond to, and recover from a terrorism incident involving a weapon of mass destruction (WMD). The Illinois Terrorism Task Force (ITTF), through its 15 functional committees, is responsible for recommending homeland security initiatives to the full membership of the ITTF to support the Illinois Homeland Security Strategy.

Prior to FFY 2006, Illinois prioritized the development of the statewide deployable teams, on-scene preparedness, and interoperable communications. Since FFY 2006, Illinois has focused on the development of programs and projects to prevent and protect the general public. Illinois uses funding to support statewide initiatives rather than diluting scarce federal funds by providing independent local and regional grants. Funding of these statewide initiatives is directed through statewide mutual aid organizations representing local law enforcement, fire services, emergency management, and public health.

**Eligibility:** Members of the Illinois Terrorism Task Force representing local first responders.

### ***IMMEDIATE HEALTH THREAT GRANTS***

**Objective:** This program can reimburse units of local government for their assistance in responding to an immediate threat to health from a radiological source. The cost of the local government response may include personnel, equipment, transportation, and other directly related items. (The Agency is authorized to seek reimbursement from the person or persons responsible for the threatening condition.)

**Eligibility:** Counties, municipalities, townships, and special districts.

### ***INDIVIDUALS AND HOUSEHOLDS – OTHER NEEDS ASSISTANCE***

**Objective:** This program is to provide assistance to individuals and households affected by a disaster to address necessary expenses and serious needs which cannot be met through other forms of disaster assistance or through other means such as insurance. Upon declaration of a disaster, an application for assistance is filed with the Federal Emergency Management Agency or by visiting a Disaster Recovery Center. The state provides 25% matching funds.

**Eligibility:** Counties, municipalities, and townships.

***RADIOLOGICAL ASSISTANCE***

**Objective:** The Agency provides local governments with information, training, and dosimetry equipment necessary to respond to radiological accidents or incidents. This assistance is available to local units within the 10-mile emergency planning zone of a nuclear power generating station. The Agency provides technical support and reimbursement of the plans and programs authorized by the Illinois Nuclear Safety Preparedness Act.

**Eligibility:** Counties, municipalities, townships, and special districts: fire protection and other districts if assigned an emergency response mission.

***STATE DISASTER RELIEF FUND***

**Objective:** The fund can be used to assist local governments with cleanup in the aftermath of disasters such as flooding, tornadoes, wind damage, and the like. The fund can only be tapped when the Governor declares the local government to be part of a disaster area and when cleanup is beyond the means of the local government. Because funds are limited, priority will be given to those localities suffering the worst damage, particularly if the area does not qualify for federal disaster assistance. No state disaster relief was appropriated for SFY 2003 – none was used for SFY 2002.

**Eligibility:** Counties, municipalities, townships, and special districts.

### ***EMPLOYMENT RELATED SERVICES***

**Objective:** Programs assist businesses and local governments in meeting human resource needs and affirmative action goals. IDES provides information on various programs and incentives available through Employment Service programs and also assists in providing labor exchange services. IDES assists citizens with assessment services, job matching, veteran's employment services, youth services, Work Opportunity Tax Credits for businesses hiring employees meeting the criteria, Fidelity Bonding, and services for the formerly incarcerated.

**Eligibility:** Businesses, job seekers, counties, municipalities, townships, and special districts.

**Funding:** Technical services only.

### ***LABOR MARKET INFORMATION***

**Objective:** The Department provides local governments with information regarding the interpretation and use of labor force data, and industry/occupational employment trends and projections. Information is provided for the purpose of determining the economic needs of a local area and to market the area to prospective employers. Short and long term changes in the local economy are identified to anticipate populations most in need of specific employment and training services.

**Eligibility:** Counties, municipalities, townships, and special districts: vocational areas, service delivery areas, recreation, sanitation, transportation, and other types of special purpose districts.

**Funding:** Technical services only.

### ***TAXNET—INTERNET FILING OF QUARTERLY WAGE REPORTS***

**Objective:** Local governments can file electronic quarterly wage reports and pay contributions using Illinois TaxNet. Advantages are that TaxNet generates a list of employees from previous reports so that information does not have to be entered each quarter; it calculates taxable wages of each employee, and calculates correct amount due for the quarter. Electronic payment via ACH debit can be set up with future authorization dates, and changes to account information can be indicated. All local governments regardless of size can use this system.

**Eligibility:** Counties, municipalities, townships, and special districts.

**Funding:** Technical services only.

### ***UNEMPLOYMENT INSURANCE INFORMATION***

**Objective:** The program provides local governments with information and assistance concerning the revenue and benefits provisions of the Illinois Unemployment Insurance Act, including advice on completing contribution and wage reports; information on experience rating; contributions; payments in lieu of contributions; and information on the rights and responsibilities of local governments under the Act. Local governments are also provided information on the criteria for benefits (to inform their citizens who might be potential claimants), the calculation of UI tax rates (to help in the formulation of economic development strategies), and special programs such as Disaster Unemployment Assistance.

**Eligibility:** Counties, municipalities, townships, and special districts: any district which, as an employing unit, is subject to the Unemployment Insurance Act.

***FAMILY CASE MANAGEMENT***

**Objective:** The Family Case Management program is designed to enhance the state’s efforts to reduce infant mortality and to more adequately provide for the health needs of children and pregnant women, regardless of their ability to pay. Services include prenatal care, nutrition counseling, health education, well childcare and immunizations, and assistance in obtaining other social service needs, including transportation. Family Case Management is a consolidation of the Prenatal Service Program, Pediatric Primary Care Program, and the Infant Mortality Reduction Initiative. Case Management is a key component of efforts to reduce infant mortality. High-risk pregnant women and infants throughout the state are sought out and provided support, advocacy, and assistance to ensure the provision of comprehensive medical and social services. The prenatal care component funds services for medically indigent pregnant women through 82 grantees in all 102 counties. The pediatric primary care component provides outpatient services to prevent disease or disability, or to treat an illness or other health condition of a child. These services are designed to improve the access of children age one through 19 years to high quality and comprehensive primary health care services.

**HEALTH WORKS OF ILLINOIS**

**Objective:** In collaboration with the departments of Healthcare and Family Services and Children and Family Services (DCFS), the Department of Human Services (DHS) has implemented downstate Health Works of Illinois (HWIL), a health care network for wards in the care and custody of DCFS. The purpose of HWIL is to ensure that DCFS wards receive comprehensive, quality health care services. Services provided by HWIL include early periodic screening diagnosis and treatment components, comprehensive health evaluations, specialty care referrals, and medical case management. Nineteen downstate agencies have been contracted through agreements with DHS to develop health care networks. The agencies, referred to as lead agencies, are responsible for recruiting primary care physicians and specialty care providers; training the medical case management agencies, DCFS staff, substitute care givers, and providers about the HWIL system; managing the information exchange among agencies; and consulting with DCFS to implement this system. DCFS has contracted with two community agencies in Chicago to provide lead agency functions for Cook County.

### ***AUTO THEFT TASK FORCES***

**Objective:** The Auto Theft Task Forces are utilized by law enforcement agencies as a valuable resource to assist in investigating issues of motor vehicle theft as it pertains to their specific community as well as effecting the arrests of the offenders. The Auto Theft Task Forces act as a liaison between the different law enforcement agencies when indentifying motor vehicle theft trends and investigating groups of organized offenders who cross city and suburban law enforcement jurisdictions when committing motor vehicle theft and other related crimes, to include, but not limited to, insurance fraud, dealership thefts, and various financial frauds. There are six Auto Theft Task Forces throughout the State of Illinois and each task force works within their established geographic boundaries.

Local law enforcement agencies contact the Auto Theft Task Force and request assistance. Additionally, the task forces proactively conduct auto theft investigations and work with local authorities to clear/connect previously reported auto theft investigations.

Governments contributing manpower, through local law enforcement, to an Auto Theft Task Force receive monetary compensation equal to the salary of a first year patrol officer to include some benefits for every year of contribution. The source of funds is received from commercial insurance companies/corporations and distributed by the State via the Illinois Criminal Justice Information Authority.

**Eligibility:** Counties (13) and municipalities (233).

## ***CRIME SCENE PROCESSING AND EVIDENCE POTENTIAL/HANDLING***

**Objective:** To offer on-scene technical assistance to agencies processing crime scenes. Agencies often discover, after beginning to process a crime scene for evidence, there is a need for specialized processing techniques or equipment which exceeds their limitations or training. The Illinois State Police will not process a scene that another agency has already completed or begun processing for evidence; however, ISP Crime Scene Investigators will respond to the scene and provide technical assistance and information to officers in such situations.

**Eligibility:** Counties, municipalities, and townships.

**Funding:** Technical services only.

## ***CRIME SCENE SERVICES COMMAND***

**Objective:** The Illinois State Police augments local agency efforts by providing Crime Scene Investigators to identify, collect, and preserve evidence at a crime scene. The Crime Scene Investigator serves as a liaison between the user agency and the Illinois State Police Forensic Laboratory System to ensure proper evaluation of evidentiary items as they relate to the scene. Crime scene services for crimes against persons are available 24 hours a day, seven days a week, upon request of the local law enforcement agency. Crime Scene Investigators are available to respond to property crimes from 6:00 a.m. to 1:00 a.m., seven days a week. A full range of photographic support, including spherical panoramic photography, is also available for local law enforcement. Polygraph services are available to complete a full range of examination on both internal and criminal investigations. Forensic Artists and Bloodstain Pattern Interpretation Experts are also on staff and available for local law enforcement needs. The production of two-dimensional and three-dimensional computer generated diagrams and animations of crime scenes and crash scenes can be requested for use in criminal or civil cases. The Computer Evidence Recovery Unit also responds to law enforcement requests for services related to forensic recovery and analysis of digital media.

**Eligibility:** Counties, municipalities, and townships.

**Funding:** Technical services only.

**METROPOLITAN ENFORCEMENT GROUPS**

**Objective:** The Department’s Metropolitan Enforcement Groups (MEG) assist local agencies in combating illegal drug activity. In addition to monetary aid, special agents of the Division of Operations are assigned to the local area, and equipment is allocated for the MEG’s use. Local agencies must match at least 50% of the operating costs of the MEG units. Generally, this is done by an in-kind match of the salaries of the police officers assigned to a MEG unit. State grants help defray the costs of operating nine MEGs responsible for enforcing the drug laws in the State of Illinois. Currently 19 counties are involved with the MEG units statewide.

***RUSE BURGLARY TASK FORCE***

**Objective:** The Ruse Burglary Task Force was started on September 1, 2012. It was created to address the growing number of ruse burglaries, aggravated home repair fraud scams, fortune telling scams, home invasions, confidence crimes, and insurance scams being perpetrated by the Gypsy population against Illinois senior citizens. Gypsy criminal groups almost exclusively target the elderly, one of the most vulnerable classes in our society. They are usually found in their homes, making them very accessible targets. Social isolation is common with the elderly and they are eager to speak with people who approach them. They are willing to comply with “authority” figures such as a person who alleges he is from the power company and needs to get into their houses. Because of their declining physical and mental condition, they are often not able to make proper identification or remember important details. Finally, many elderly persons have cash and other valuables in their homes readily available. The Ruse Burglary Task Force uses intelligence and proactive aggressive enforcement techniques with the goal of arrest and prosecution of Gypsy criminal groups, rather than obtaining restitution. The task force maintains an automated Gypsy intelligence database, accessible to law enforcement agencies, of all known Gypsy names, photographs, and identifiers. The task force sponsors meetings of law enforcement officers to exchange information and keep abreast of current Gypsy criminal group activity. The task force presents educational material to elderly citizens and other community groups designed to prevent them from becoming targets of Gypsy criminal groups.

***STATEWIDE TERRORISM AND INTELLIGENCE CENTER (STIC)***

**Objective:** The program provides assistance to local and federal law enforcement agencies by responding to requests; sending daily bulletins; assessing threats to persons and infrastructures; monitoring groups suspected of criminal activity; and sharing information related to suspected terrorist activity, drug activity, violent crimes, and motor vehicle theft. STIC received and processed 37,800 requests from law enforcement in 2012. This service is provided free to all law enforcement. Law enforcement officers can call anytime 24-hours-a-day, 7-days-a-week for

assistance. Officers will need to provide basic information for documenting the request which will include the reason for the request. STIC has a Statewide Gang Intelligence Coordinator and three Gang Analysts. This group provides technical assistance through intelligence on street gangs and gang violence from a statewide perspective.

**Eligibility:** Counties, municipalities, and townships.

***SPECIAL WEAPON AND TACTICS (SWAT)***

**Objective:** The program provides assistance to local and federal law enforcement agencies by providing specially trained and equipped officers with the capability of serving high-risk search and arrest warrants, dignitary protection, high-risk escorts, civil disturbances, and hostage/barricade incident resolution. High-risk search warrant service, often related to drug law enforcement, comprises the majority of the several hundred Special Weapon and Tactics (SWAT) missions conducted each year. Extensive training, pre-mission planning, intelligence gathering, equipment selection, rehearsal, and the use of advanced tactics are a few of the components incorporated into each mission to ensure the utmost safety for both SWAT operators and suspects alike. SOCOM/SWAT has waterborne capabilities to assist with critical incidents identified on or near a waterway in Illinois, as well as the training and equipment necessary to enter a contaminated environment or clandestine drug laboratory.

**HIGHWAYS/ECONOMIC DEVELOPMENT PROGRAM**

**Objective:** To provide funding assistance to local agencies for eligible roadway infrastructure improvements to support economic development, either attracting new jobs or retaining existing jobs. Funds on local system are provided on a 50% matching basis and may be altered on a case-by-case basis for roadways under state jurisdiction.

**Eligibility:** Any local unit of government with taxing authority.

**Funding:** (dollars in thousands)

**HIGHWAYS/FEDERAL AID SURFACE TRANSPORTATION PROGRAM—RURAL**

**Objective:** Funds are distributed for the construction and maintenance of rural-type highway systems. The money is allocated to each county based on: (1) 10% divided equally among eligible counties, and (2) 90% allocated using the following three equally weighted factors: (a) nonurban rural area (square miles); (b) nonurban rural population (0-5,000); and (c) mileage of all nonurban systems. Local match may be from 20% to 50%.

**Eligibility:** Counties.

**Funding:** (dollars in thousands)

**HIGHWAYS/FEDERAL AID SURFACE TRANSPORTATION PROGRAM—URBAN**

**Objective:** The program provides funding to urban areas with a population of 5,000 or more for highway improvements. The improvements must be to the federal highway system and must be designated as such.

**Eligibility:** Municipalities (urban areas).

**Funding:** (dollars in thousands)

<i>FY 2010</i>	<i>FY 2011</i>	<i>FY 2012</i>	<i>FY 2013</i>

**Further Information:** 605 ILCS 5/3-101.

See local district offices listed at the end of this section on page 118.

***HIGHWAYS/GRADE CROSSING PROTECTION***

**Objective:** Funds are available for two types of improvements: (1) railroad safety to reduce deaths and accidents at grade crossings, and (2) high hazard safety to reduce the severity and number of accidents experienced at spot locations. These funds may also be used with or without federal aid systems. The Grade Crossing Protection Fund also dedicates a limited amount of funding toward grade separation structures that eliminate grade crossings, as well as funding for pedestrian grade separation projects and incentive payments for the elimination of public at-grade crossings. Grants are made based on merit and need; both rural and urban areas are eligible. Local governments are required to pay 10% of the cost to install automatic flashing light signals and gates at public grade crossings. Local governments are required to pay 40% of the cost for grade separation projects (roadways and pedestrian).

**Eligibility:** Counties and municipalities.

**Funding:** (dollars in thousands)

***HIGHWAYS/HIGH-GROWTH CITIES ASSISTANCE***

**Objective:** The program provides financial assistance to cities over 5,000 in population that have experienced above normal population growth (greater than 5%) through the comparison of two consecutive decennial censuses, or the comparison of a decennial census and a special census within a given decade.

**Eligibility:** Municipalities.

**Funding:** (dollars in thousands)

**HIGHWAYS/MOTOR FUEL TAX (MFT) ALLOCATION**

**Objective:** State tax revenues are shared with local governments to be used for the construction and maintenance of highways. To qualify for funding, municipalities must be incorporated. Allotment is based on population. Counties receive their allotment based on total license fees in the county. In Fiscal Years 2010 and 2011, townships had to levy a 0.08% road and bridge tax to be eligible to receive an allotment. Their allotment is based on total township mileage. Beginning in Fiscal Year 2012, townships levying a road and bridge tax at 0.08% receive a full allotment, while townships levying below 0.08% will receive a pro-rated allotment based on their rate.

**Eligibility:** Counties, municipalities, and townships.

**Funding:** (dollars in thousands)

See local district offices listed at the end of this section on page 118.

**HIGHWAYS/STATE MATCHING ASSISTANCE**

**Objective:** This program is designed to help counties with matching funds on federal projects. IDOT distributes the funds based on the inability of the counties to raise the required funds to match federal dollars. Each year the funds are computed based on the federal program and county tax rate.

**Eligibility:** Counties.

**Funding:** (dollars in thousands)

**HIGHWAYS/TRUCK ACCESS ROUTE PROGRAM (TARP)**

**Objective:** Funding assistance is provided for local highway improvements to provide local access to the designated State Highway Truck Route System. Funds are available for 50% of the improvement costs, not to exceed \$900,000, including up to \$45,000 per lane mile and \$22,000 per intersection for upgrading designated routes to meet additional weight and geometric requirements.

**Eligibility:** Counties, municipalities, and townships.

**HIGHWAYS/TOWNSHIP BRIDGES**

**Objective:** Funds are available to rehabilitate, replace, or construct bridges 20 feet or more in length for the safe transportation of school children, the movement of agricultural equipment and products, rural mail routes, and the traffic needs of the general public. Funds are allocated to each eligible road district based on the total township mileage. Townships must levy a 0.08% road and bridge tax to qualify for the allocation.

**Eligibility:** Townships.

**Funding:** (dollars in thousands)

**ILLINOIS JOBS NOW! CAPITAL PROGRAM**

**Objective:** The Illinois Jobs Now! capital bill was signed into law in July 2009. As part of this capital bill, \$500 million was made available to local public agencies that were eligible to receive motor fuel tax funds in fiscal year 2010. The purpose and objective of this program was to stimulate the local economy and initiate job growth. The funding is available to those local public agencies that were eligible to receive motor fuel tax funds in fiscal year 2010. The funds are distributed to the local public agencies using the motor fuel tax distribution methods.

**Eligibility:** Counties, municipalities, and townships.

**ILLINOIS LOCAL TECHNICAL ASSISTANCE PROGRAM—ILLINOIS TECHNOLOGY TRANSFER CENTER**

**Objective:** The Illinois Local Technical Assistance Program (IL LTAP) mission is to transfer the latest state-of-the-art technology in the areas of roads and bridges by translating the technology into terms understood by local highway or transportation personnel. The Illinois Technology Transfer Center is associated with the National Local Technical Assistance Program. Our services, which include newsletter, training program, video/publication library, technical assistance, and support, are open to any local public agency in the State of Illinois.

**Eligibility:** Counties, municipalities, and townships.

**Funding:** Technical services only.

**ILLINOIS TRANSPORTATION ENHANCEMENT PROGRAM (ITEP)**

**Objective:** The goal of the Illinois Transportation Enhancement Program (ITEP) is to allocate resources to well-planned projects that provide and support alternate modes of transportation, enhance the transportation system through preservation of visual and cultural resources, and improve the quality of life for members of the communities. On July 6, 2012, a new federal highway bill, MAP-21 was passed. MAP-21 includes funding for projects that would qualify under the Transportation Alternatives Program (TAP). Enhancement type of projects is one of those included under the TAP program. TAP has introduced several changes to the previous ITEP program, including redefining and eliminating some of the previous eligible categories. To find updated information about ITEP and the TAP program, please visit our website at: <http://www.dot.il.gov/opp/itep.html>.

**Eligibility:** Counties, municipalities, townships, and special districts: park, school, sanitary, transit, airport authorities, and public colleges.

## ***LOCAL ACCIDENT REFERENCE SYSTEM (LARS)***

**Objective:** LARS is a computerized accident record system designed for local governmental agencies wanting to obtain crash information on their street or road systems. Street addresses or rural county road location reference systems are used to pin-point crashes. This information is forwarded to Springfield for input into a computerized database. LARS data is available for each year (up to seven years) that the agency is in the program. The LARS System involves only those traffic crashes occurring on public roadways.

The system includes crash data pertaining to the vehicle, driver, roadway, and occupant. Additional data includes street/road codes, violation number, badge number, and zone/beat. Over sixty data elements are coded for each crash. Some elements are: time of crash, number of vehicles involved, total persons injured, type of weather conditions, etc. Detailed information on the vehicle and driver includes vehicle type, vehicle maneuver at the time of the crash, driver's age and gender, etc. For each injured occupant in the crash, data elements include age, gender, and injury severity. The same type of information is available for crashes involving pedestrians, pedalcyclists, and equestrians.

**Eligibility:** Counties and municipalities.

**Funding:** Technical services only.

***RAIL/RAIL FREIGHT***

**Objective:** The program preserves private sector rail service and improves the movement of rail freight within the State. This is accomplished by promoting economic development and industrial job retention. The program provides funding to either local governments, railroads or to commercial rail users. Funds must be used for track rehabilitation or new track construction of industry spurs. Local governments can also benefit indirectly from job retention when an industry or business remains in the community due to the improved rail transportation. The funding shown below is actual expenditures.

**Eligibility:** Counties, municipalities, townships, special districts, and private businesses.

***REGIONAL TRAFFIC SAFETY RESOURCE CENTERS PROGRAM***

**Objective:** The program aids local communities in reducing the death and injury rates on Illinois roads and highways. The program is designed primarily to enable these regional coordinators to conduct public information and education campaigns focusing on traffic safety issues related to occupant protection, seat belts, car seats, teen initiatives and impaired driving issues.

**Eligibility:** Special districts: university, non-for profit, and hospitals.

***SAFE ROUTES TO SCHOOL (SRTS)***

**Objective:** To use a multidisciplinary approach to improve conditions for k-8<sup>th</sup> grade students who walk or bike to school. Illinois Safe Routes to School funds both infrastructure improvements to the physical environment as well as non-infrastructure projects. This program is federally funded as part of MAP-21 Transportation Alternatives. Local governments may apply online through our Website: [www.dot.il.gov/saferoutes/](http://www.dot.il.gov/saferoutes/). Projects are funded 80% with 20% local match required. All infrastructure improvements must be completed within two miles of a school grade K-8.

**Eligibility:** Counties, municipalities, townships, and special districts.

**Funding:** (dollars in thousands)

***STATE-LOCAL AIRPORT IMPROVEMENT PROGRAM***

**Objective:** The purpose of the State-Local Airport Improvement Program is to fund those airport improvement projects which either do not qualify for federal funds or which carry a high state and local priority but have too low of a federal priority to attract federal funds for the project. Without the State-Local Airport Improvement Program, many of the projects that are needed at Illinois Airports simply will not get completed—which will have a negative impact on safety, preservation, and economic development of Illinois Airports. There have been \$7.5 million of State funds approved for FY 2013 and 7.5 million anticipated for FY 2014. The projects will be matched with Airport Local funds at a ratio of 10 percent or 25 percent depending on the type of project and size of airport.

For a requested project to be eligible for State funding assistance, the airport must comply with the following. The airport or proposed airport must be publicly-owned and opened to the public; all project work must be available for public use; the airport must have an approved Airport Layout Plan; requested project must conform to the Airport Layout Plan and the airport owner must own or in some cases lease the land upon which the project will be accomplished.

**Eligibility:** Counties, municipalities, townships, and special districts.

### ***TRAFFIC SAFETY/CAR SEAT PROGRAM***

**Objective:** The program goal is to reduce fatalities and injuries of children sustained from being improperly restrained or not restrained at all. It provides funding to establish a car seat program that makes the car seats available for loan or sale to members of the community. Communities must demonstrate a need for the program through the submission of survey data, birth rates, and crash statistics.

**Eligibility:** Counties, municipalities, and special districts: hospital service areas, not for profits.

***TRAFFIC SAFETY/INJURY PREVENTION***

**Objective:** The program goal is to reduce injuries sustained in motor vehicle crashes. The importance of use of seat belts, car seats, and bicycle and motorcycle helmets are promoted in educational programs primarily in middle and high schools. Agencies within local governments must demonstrate a need to educate the public about the use of safety devices.

**Eligibility:** Counties, municipalities, and special districts: hospital service areas, not for profits.

**TRANSIT/CAPITAL — FEDERAL TRANSIT ADMINISTRATION SECTION 5310 (PARATRAN-SIT)**

**Objective:** The program funds are used to purchase small buses and vans for qualified applicants to serve the transportation needs of elderly persons or persons with disabilities in their community. Applicants are required to provide proof of eligibility and must complete an application form obtained from IDOT. The application request must be approved and authorized by the applicant's governing body. The applicant must demonstrate the need for grant funds, as well as the management and financial capability to operate their transportation service.

**Eligibility:** Not-for-profit and certain public agencies.

**TRANSPORTATION/CONGESTION MITIGATION AND AIR QUALITY**

**Objective:** This program provides a flexible funding source for State and local governments to support transportation projects and programs that help improve air quality and reduce traffic congestion. This project is intended for areas not meeting the National Ambient Air Quality Standards (NAAQS) non-attainment areas of the State. Projects are identified by the metropolitan planning organizations for NE Illinois (Chicago) and the Metro-East St. Louis areas.

**Eligibility:** Counties and municipalities: Chicago and East St. Louis.

## ***VETERANS' AFFAIRS, DEPARTMENT OF***

---

### ***ILLINOIS VETERANS' ASSISTANCE FUND***

**Objective:** This is a special fund in the State treasury. The net revenue from the Illinois veterans scratch-off game is deposited into the fund for appropriation by the General Assembly solely to the Department of Veterans' Affairs for making grants, funding additional services, or conducting additional research projects relating to veterans' post traumatic stress disorder; veterans' homelessness; the health insurance costs of veterans; veterans' disability benefits provided by veterans service organizations and veterans assistance commissions or centers; and the long-term care of veterans.

**Eligibility:** Counties, municipalities, townships, and special districts.

## ***ADMINISTRATIVE OFFICE OF THE ILLINOIS COURTS***

---

### ***AUTOMATED DISPOSITION REPORTING PROGRAM***

**Objective:** The participating circuit clerks provide the Administrative Office of the Illinois Courts (AOIC) an input file of disposition records of traffic and criminal offenses in the layout prescribed by the Automated Disposition Reporting Data Dictionary. This information is then formatted and forwarded to the respective state agencies. The advantage is that clerks are only required to submit one file to the AOIC, as opposed to submitting each disposition manually or providing separate files to each participating agency. This is a free program for the counties.

**Eligibility:** Counties.

**Funding:** Technical services only.

**Further Information:** 625 ILCS 5/6-204(a)(5); 20 ILCS 2630/2.1(c).

### ***CIRCUIT CLERK LIAISON PROGRAM***

**Objective:** This program provides assistance to circuit clerks in the operation of their offices. The Administrative Office of the Illinois Courts (AOIC) attempts to answer any questions, address any problems, or provide necessary guidance on all aspects of the clerk's duties (i.e., recordkeeping, training, statistical compilation and instruction, indexing, fine and costs distribution, statutory interpretations as they may affect the procedural aspects of the office, etc.). The office also serves as a conduit to other state offices.

**Eligibility:** Counties.

**Funding:** Technical services only.

**Further Information:** Illinois Constitution, Art. VI, sec. 16.

### ***CIRCUIT CLERK TRAINING PROGRAM***

**Objective:** This program is designed to introduce newly elected circuit clerks to the fundamentals of the position. It consists of a two or three-day seminar for the new clerks to meet and discuss the office with veterans in the field. The topics include general responsibilities of the clerk, instruction on the operation of the office, and management training. Additionally, labor relations and personnel issues are presented. All new clerks are provided a handout of pertinent materials, and clerks who are unable to attend are mailed a copy. Included in the materials are the names and telephone numbers of contacts within the office, as well as contacts in other state offices.

**Eligibility:** Counties.

**Funding:** Technical services only.

**Further Information:** 705 ILCS 105/0.01 et seq.

***MERGED JURY SOURCE LISTS***

**Objective:** The lists of registered voters, claimants for unemployment insurance, licensed drivers, state ID card holders, and State disabled person ID card holders are combined into a single merged jury source list. The merged list enables counties to broaden the population base of prospective jurors so that juries can be more representative of the community. Merged jury lists are provided to counties upon the request of the chief judge of the circuit court or his/her designee, jury commissioner, or jury administrator.

**Eligibility:** Counties.

**Funding:** Technical services only.

***OFFENSE CODE TABLE PROGRAM***

**Objective:** This program assigns a seven-digit code to traffic, conservation, and criminal offenses found in the Illinois Compiled Statutes. The Administrative Office of the Illinois Courts reviews all new legislation (Public Acts) that is enacted by the General Assembly. Any new or modified offense found during the review is evaluated for specified criteria and assigned a code. The code assigned by this program is used by participating circuit clerks to report dispositions for traffic, conservation, and criminal offenses to recipient State agencies.

**Eligibility:** Counties.

**Funding:** Technical services only.

***RECORDS MANAGEMENT ASSISTANCE***

**Objective:** At the request of circuit clerks, Administrative Office staff provides assistance in the management of court records. Projects focus on methods clerks can use to efficiently comply with statutes and Supreme Court rules in such areas as indexing; case file management, including electronic records; and retention-destruction. AOIC staff advises clerks on retention requirements and oversee the destruction of court records. This assistance also includes advice to clerks on storage options available to them such as microfilming and donation to the Illinois Regional Archives Depository system.

**Eligibility:** Counties, municipalities, townships, and special districts.

**Funding:** Technical services only.

## ***ARTS COUNCIL***

---

### ***ARTS-IN-EDUCATION RESIDENCY***

**Objective:** This program provides support to primary and secondary educational institutions, community colleges, and local arts and community organizations. Applicants must have been in active service to the public for at least a year prior to the application. Applicant organizations must provide 40% cash match to the award amount. Funds are available for artist residencies lasting from one week to six months. Artists are selected from juried roster available at the Agency website. Funds may be requested for a portion of the artist's stipend, supplies, guest artists, travel and lodging, and documentation fees.

**Eligibility:** Municipalities and special districts: local arts and community organizations, primary and secondary educational institutions, and community colleges.

**Funding:**

### ***COMMUNITY ARTS ACCESS***

**Objective:** This program offers local arts agencies the opportunity to distribute State funds in their own service areas according to their assessment and perception of local needs. This program makes it possible for local arts agencies to develop local grant-making processes and to re-grant funds to area arts organizations and individuals for funding programs of local or regional significance. Applicants must be local arts agencies which have been in active service to their community/region for at least one year. The intent of the Community Arts Access Program is to encourage the use of local funds as a means to increasing support for the arts at the local level, therefore:

- IACA funds must be matched by the local arts agency with no less than 25% locally generated cash match.
- The local cash match for this program must be used for distribution and, as applicable, program administration.
- All recipients of these funds, meaning our partners' applicants, must show some cash match.

**Eligibility:** Municipalities and special districts: local arts agencies.

**Funding:**

<i>FY 2010</i>	<i>FY 2011</i>	<i>FY 2012</i>	<i>FY 2013</i>

**PROGRAM GRANTS**

**Objective:** General operating support or project support grants are available for arts programming of high artistic merit conducted by not-for-profit organizations in Illinois. An applicant must be a not-for-profit corporation currently registered with the Secretary of State or an agent of a governmental body or a religious organization or foundation. Applicants must submit proof of not-for-profit status, and have been in active service to the public for at least a year. Cash match requirements range from 70% to 100% of the grant amount, depending on the organization’s cash operating expenses. All matching funds must be from non-state sources. College and university applicants must provide a cash match that is raised from outside sources beyond staff time, required student fees, and overhead provided by the college or university.

**Eligibility:** Municipalities and special districts: park districts.

**Funding:**

**COMMERCE COMMISSION**

---

**EMERGENCY TELEPHONE 9-1-1 SERVICE**

**Objective:** The Commission provides information and general assistance to local governments concerning the planning and implementation of 9-1-1 emergency telephone systems. Local governments may hold referenda for approval of a telephone surcharge to fund the implementation and maintenance of such systems. System plans must be approved by the Commission prior to implementation. The Commission also provides information and assistance to local governments for implementing wireless 9-1-1 service for statewide coverage. In addition the Commission provides assistance for the implementation of private switch 9-1-1 service. Information is available upon request.

**Eligibility:** Counties and municipalities.

**Funding:** Technical services only.

### ***NATURAL GAS PIPELINE SAFETY***

**Objective:** The Illinois Commerce Commission's Pipeline Safety Section conducts on-site inspections of the 106 gas system operators (66 of which are municipal systems) in the State to determine compliance with all applicable federal and/or state pipeline safety regulations. The inspectors monitor the operator's records concerning inspection, operation, maintenance, emergency procedures, and

construction. Inspectors conduct field inspections of the operator’s facilities to verify compliance with regulations covering design, construction, operation, and maintenance of the pipeline facilities. Pipeline Safety personnel conduct training seminars for small gas system operators. These seminars have resulted in more responsive compliance with safety requirements. Municipalities that operate a natural gas pipeline system are under the jurisdiction of the ICC’s pipeline safety program for safety-related issues. Pipeline Safety personnel follow a schedule for the inspection of municipal systems, periodically provide training to municipal system personnel, and are always available to answer questions and provide assistance when needed.

**Eligibility:** Municipalities.

**Funding:** Technical services only.

***OPERATION LIFE SAVER***

**Objective:** This is an educational program which acquaints the public at large with the hazards at railroad-highway crossings. The local government portion of the program places emphasis on the enforcement of crossing laws by local law enforcement agencies as a means of reducing train-related deaths. A general presentation on the issue of rail crossing safety can also be made to any group at the request of a local government.

**Eligibility:** Counties, municipalities, townships, and special districts.

**Funding:** Technical services only.

**ILLINOIS CRIMINAL HISTORY IMPROVEMENT PROGRAM (NCHIP)**

**Objective:** This program will fund an update of the criminal history records system in Illinois at both the state and local levels. It will move them from paper-based to electronic systems, which are much more responsive to users. Substantial funding will be directed toward improving the initial reporting of criminal history information and the local level interfaces. A new criminal history system will be built at the state level to take advantage of these local improvements and interface with the federal level. At the local level funds will primarily be made available for the electronic capture and transfer of fingerprints and associated information about alleged offenders.

**Eligibility:** Counties, municipalities, and townships.

## ***NONPOINT SOURCE POLLUTION (NPS) PROGRAM***

**Objective:** Grants are available to finance projects that demonstrate cost-effective solutions to NPS problems and promote the public's knowledge and awareness of NPS pollution. Major sources contributing to Illinois problems are agriculture, livestock waste, construction erosion, urban runoff, hydrologic modifications, and resource extraction activities. Grant recipients must not only develop, implement, and administer a project, but also ensure its long-term maintenance. Grant proposals must be submitted by August 1 of each year, and should identify the type and location of water resource(s) at risk or adversely affected by NPS pollution, the water quality impact, and the causes and sources of that impact. Examples of projects funded to address these problems include streambank stabilization, detention basin retrofitting, wetlands acquisition, watershed inventories, and educational programs.

### ***WATER QUALITY MONITORING***

**Objective:** Drinking water analyses are provided for those water supplies wishing to participate in a fee for services program. Public water supplies may also obtain waivers from certain monitoring requirements if applicable requirements are met. Plan review for construction permits and assistance during emergency situations is provided to local agencies. Engineering inspection and advice on treatment improvements are also available. These activities are designed to help protect the public from waterborne disease. A program is also in place to assist water supplies in identifying potential sources of groundwater contamination and to provide other assistance in groundwater protection and regional groundwater protection planning. Technical assistance is provided to local governments for developing comprehensive watershed management plans.

**Eligibility:** Counties, municipalities, townships, and special districts: water and sanitary districts.

**Funding:** Technical services only.

### ***CERTIFIED LOCAL GOVERNMENT MATCHING GRANT PROGRAM***

**Objective:** To provide funds to local communities which are in the Certified Local Government Program (CLG) to carry out: Historic Resource Survey; Public Education; Planning; National Register Nomination and Revision. The goals of the IHPA CLG grant selection process are:

- To ensure that eligible local governmental units are made aware of the availability of and process for obtaining Historic Preservation Fund assistance;
- To provide for equitable consideration for eligible grants applications for National Register, public education and planning projects;
- To ensure that the distribution of Historic Preservation Fund assistance is accomplished in a nondiscriminatory manner, especially with regard to minority, disabled, the elderly populations, and to ensure fair and equitable valuation of all applications for Historic Preservation Fund assistance;
- To provide for general public and local government knowledge of, and advisory citizen participation in, the formulation and/or application of the project selection process utilized by the State in allocating Historic Preservation Fund assistance;
- To embrace the goals of the Historic Preservation Fund as enumerated in the National Historic Preservation Act Amendments and the federal priorities for the program as dictated by the Secretary of the Department of the Interior, and its representatives.

Because the CLG matching Grants are federal pass through funds, Municipalities and Counties in Illinois must meet the requirements of and have been approved for the Certified Local Government program, which is administered by the HPA for the Department of the Interior National Park Service. The Grantee must provide a 30% match of cash or in kind donated services, to the 70% provided by the state.

To gain CLG status a local community must maintain an effective Historic Preservation program including an appointed Historic Preservation Commission which is authorized to designate Landmarks and Historic Districts comprised of historically significant properties, which are protected and regulated by local ordinance.

**Eligibility:** Counties and municipalities.

***HISTORIC PRESERVATION***

**Objective:** Grants are awarded to help finance State historic preservation plans and surveys. Grants are limited to governments which have received Certified Local Government status from the National Park Service. Each application will be evaluated to determine its priority by the Department staff, the State historic preservation officer, and the Illinois Historic Sites Advisory Council. Specific national preservation objectives are subject to change each year by the U.S. Secretary of the Interior. Projects are eligible for up to 70% reimbursement assistance. The Agency also provides advisory services to any local government for building restoration technology, preparation of local preservation ordinances, design and establishment of local historic preservation programs, and economic development and tourism through historic preservation.

**Eligibility:** Counties, municipalities, townships, and special districts.

***ILLINOIS FINANCE AUTHORITY***

---

***DISTRESSED CITIES BOND FINANCING***

**Objective:** The Distressed Cities Bond program assists municipalities that have been declared “financially distressed municipalities” by the Illinois General Assembly, as defined by statute. IFA issues tax-exempt securities in the municipal market and uses the proceeds of the sale to purchase securities issued by a local government. IFA’s Distressed Cities Bonds are further secured by a moral obligation pledge from the State of Illinois.

**Eligibility:** Municipalities.

**Funding:** Other.

**Further Information:** 20 ILCS 3501/7.80-7.87; 65 ILCS 5/8-12-1.

### ***LOCAL GOVERNMENT BOND PROGRAM***

**Objective:** The Local Government Bond Program assists units of local government, including school districts, in financing capital improvement projects. Local government and school district bonds issued through IFA are exempt from both federal and State income taxes. IFA's approval process for local government bond projects is streamlined, requiring just one meeting for approval. IFA State Aid Intercept enables the local government borrower to consent to the intercept of State aid payments to cover shortfalls in debt service payments, assuring that bondholders are paid in a timely manner.

The program provides local government units with the opportunity to achieve interest cost savings as the IFA State Aid Intercept acts as a credit enhancement. Furthermore, local government units have the ability to structure flexible loan repayment terms, e.g. fixed or variable-rate financing through IFA.

**Eligibility:** Counties, municipalities, townships, and special districts: schools and fire protection, sanitary, and park.

**Funding:** Other.

**Further Information:** 20 ILCS 3505/7n, 7o; IDAG - 14 Ill. Admin. Code 1200 et seq.; IHOP - 14 Ill. Admin. Code 1210.

### ***ILLINOIS BOND BANK POOL***

**Objective:** The IFA Bond Bank Program combines borrowing needs of multiple units of local government in its Pooled Bond Program. IFA, operating as conduit, purchases the local government securities (bonds) of the various units of local government, and, in turn, issues its own obligations (tax-exempt revenue bonds) on the financial markets.

The pooling process allows local governments to realize savings that are achieved by sharing fixed costs and achieving economies of scale. These savings are both in terms of costs as well as through the streamlining of various procedures and related documents.

In addition, IFA Pooled Bond Issues may be supported by the Moral Obligation of the State of Illinois. Interest earned on the bonds is exempt from both State and federal income taxes. Both the State's Moral Obligation backing and the double tax-exempt status of the IFA's bonds serve to lower the overall borrowing rates of the local government participants.

**Eligibility:** Counties, municipalities, townships, and special districts: aviation authorities; fire protection, library, water, sewer, and park districts.

**Funding:** Other.
